LRP S10 TWISTER 2 MT BRUSHLESS 1/10 / 2WD

WHEELIE BAR INCLUDED!

THE TWISTER 2 WITH MONSTER POWER!

Are you ready for Offroad with real power under the hood? The Twister MT 2 Brushless in 1/10 scale is the proverbial wolf in sheep's clothing. Underneath the stylish Monster Truck body, there's a truly powerful driver system with the Spin Pro RTR and the Vector K7 with 8.5 turns.

A massive wheelie-bar at the tail makes sure that there are no unwanted backflips. Stylish starts on the two back wheels are standard for this 2WD Offroad truck. The massive tyres enable him to fight trough every kind of terrain. A true Offroad beast with unbelievable Brushless power.

TECHNICAL DATA

Length	465 mm
Width	335 mm

LRP GRAVIT VISION FPV RTF WITH WLAN CAMERA

**REALTIME VIDEO
STREAMING TO YOUR
SMARTPHONE!**

THE GRAVIT FOR THE FPV FLIGHT!

The LRP Gravit Vision quadcopter is no longer only available with HD camera, but now also as FPV version. You can follow the flight on your mobile phone in real time directly from the bird's eye view. Picture und video features of course are also onboard. The camera can be operated with the transmitter.

A „return-function“ enables a safe return to the pilot and the 3 power levels make the first steps into first person view flight conceivably easy. The extremely forgiving flight characteristics guarantee lots of flight fun.

TECHNICAL DATA

Rotor diameter.....	135 mm
Total diameter	420 mm
Height	70 mm
Weight (ready to fly)	168 g
LED-lights	blue/red
Control functions.....	up/down, forward/backward, spinning left/ spinning right, hovering sideways, looping
Transmitting frequency.....	2.4GHz
Battery.....	1S 3.7V LiPo 1000 mAh
Video & foto funktion	Yes
Video-transmitting-frequenz	2.4 GHz

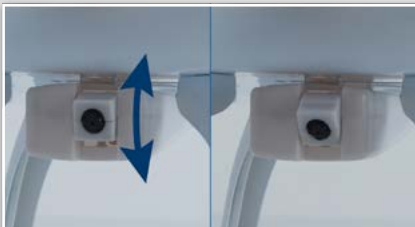

FEATURES

- FPV video transmission in realtime to your phone
- Video and photo recording on your phone
- Camera pitch control per remote control
- Headless flying - Flying without caring about actual orination

LRP LIPO ULTIMATE DRIFT 5300 7.4V / 110C/55C

**EXTREME DRIFT POWER
LOW WEIGHT!**

THE ULTIMATE DRIFT BATTERY!

The LRP Ultimate Drift LiPo has been especially developed for the use in drift cars. Its capacity is extremely high, especially if you consider its low weight. Therefore, this LiPo battery is perfectly suited for long drift runs. The high voltage level and the extremely low internal resistance provide enormous power. Like the popular LRP LiPo Competition Car Line, also the battery case of the Ultimate Drift is made of durable, see-through and high-quality synthetic material. Of course, the Ultimate Drift can be charged with 3C charge current. All cells are separately tested and selected.

TECHNICAL DATA

Capacity	5300mAh
C-rate	110C/55C
Nominal voltage	7.4V
Power connector	4mm gold
Balancing connector	2mm gold
Weight	280mm
Dimensions (LxWxH)	139x47x25.1mm
Application	Drift racing

FEATURES

- Drift optimised - Get the most out of your drift-car
- Extra drift power
- Extra drift time
- Extra lifetime
- 3C charge current

LRP B2-STX PRO 2.4GHZ RADIO SET

49.99 EURO*

**ENFORCED STEERING
WHEEL SUPPORT**

**4-CHANNEL 2.4GHZ
RECEIVER INCLUDED**

THE PERFECT ENTRY-LEVEL TRANSMITTER

The popular entry-level transmitter A2-STX Pro was the basis for the brand new B2-STX Pro. The housing was borrowed from it, but the steering wheel support was optimised and enforced. The danger of a sideways twisted-off wheel when used by untrained beginners was therefore significantly reduced.

Features such as a Fail-Safe function or an End Point Adjustment (EPA) of course are also integrated in the set as well as a charging socket and a LED battery indicator.

TECHNICAL DATA

Number of ports 3
 Weight 388g
 Capacity 2600mAh
 Transmitting frequency 2.4GHz
 Power supply 4x AA batteries, 6V

FEATURES

- 2.4GHz FHSS Control
- Enforced steering wheel support
- 4-channel 2.4GHz receiver included
- LED battery indicator
- Best value for money

SANWA
THE 2.4GHz SPECIALISTS

THE MULTI-RECEIVER FROM SANWA!

Small compact FHSS-4 & FHSS-3/SSR receiver that can be bound as Dual-ID receiver to two different transmitters. The transmitter that is switched on first and establishes the connection takes over the control. Ideal for long distance races where several different transmitters are used. Or also for every other situation where a car is driven by different persons: for example in practise to have a car test driven (left-hander or own transmitter settings) by an other driver.

The RX-471 Dual-ID is perfectly suitable for Sanwa SRG servos und Sanwa Super Response Mode compatible.

TECHNICAL DATA

Weight	6g
Dimesions	30x23.3x14mm
Channels	4
Voltage rating.....	4.8 - 7.4V
Transmitting frequency.....	2.4GHZ FHSS-3 / FHSS-4
SSR compatible.....	yes

More information on the product page at: www.LRP.cc

SANWA
THE 2.4GHz SPECIALISTS

THE ULTIMATE DRIFT SPEED CONTROL!

The RX-472 4-channel receiver has been integrated into this special Drift speed control. Therefore the core gets „cleaner“ because a part of the wiring is no longer needed.

It's special qualities make it foremost into a drift champion. The motor speed limiter comes into play as soon as the motor has reached a set motor speed limit. Sanwa Slide Control assists in accelerating softly to keep the car stable in the drifts. The gas reaction, adjustable with the transmitter in 100 steps, additionally increases the stability – even at low speeds.

TECHNICAL DATA

Motorlimit 3.5T (1S) / 4.5T (2S)
 Multi-Protection-System Yes
 Voltage input 6.0 - 7.4V
 Rated current 740A/phase
 Type Forward/backward
 Dimensions 36.6x37.8x30.9mm
 Boost Zero Mode Yes

SANWA SRG-BZX SERVO 15KGCM/0.06S/40, 7.4V

**IDEAL FOR 1/8
OFFROAD MODELS!**

THE 1/8 OFFROAD SPECIALIST!

Tough, fast and strong ... this servo has all characteristics an offroad driver desires. The lower part of the housing is made of aluminium for improved cooling while the steel gears provide extra durability. This servo is ready for toughest demands!

BL signifies Brushless. This high-quality product features the maintenance-free and extremely durable brushless technology.

TECHNICAL DATA

Weight	70g
Type	Digital
Ball bearing	Yes
Manipulating speed	0,06s/40°
Manipulating energy	15.0kg/cm
Dimensions	40.5x21.0x38.0mm
Voltage rating	7.4V
Metal gear	Yes

FEATURES

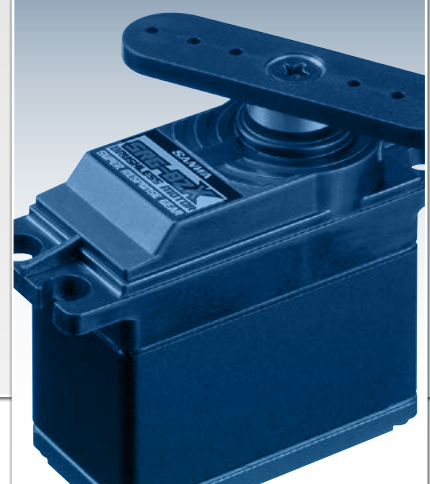

- Extremely powerful (15.0kg manipulation power)
- Perfect for 1/8 Offroad
- 7.4V rating (2S LiPo capable)
- Extra long lifetime
- LRP quality approved
