FPV-RACE-PACK SERIES 90C/45C HIGH VOLTAGE

MORE POWER FOR YOUR RACE COPTER!

Your FPV racer is state of the art, your motors...brutal!

Finally your copter gets the power it deserves.. LRP batteries are the reference in all RC car racing classes. Now you can profit from this experience in your FPV racer.

Highest voltage due to LiHV for top performance even under extreme load. 8C charge current for faster charged batteries.

The new XT60U high voltage connector is reduced in weight and perfect for an easy and safe operation. It also allows shorter wires and therefore better handling. Of course it is 100% compatible to the standard XT60 version.

Change to the blue side of the force!
