WHEN A LITTLE MORE IS WANTED!

The new Gravit Monster is the big brother of the Gravit Vision FPV. Our popular quadcopter hasn't only grown in size, but the motors are now also almost four times the size and correspondingly strong.

You can use your smartphone or tablet as FPV monitor for the Monster Vision FPV, on which the live feed from the copter will be shown. The videos and pictures can be directly saved to your mobile device and can therefore immediately be sent by email, messenger or be shared for example with Facebook.

Supporting flight modes like automatic landing and the headless mode make flying the Gravit Monster Vision FPV child's play.

TECHNICAL DATA

Rotor diameter	235mm

BE FAST AND BEAUTIFUL WITH MAGIC COLOUR 2 BY LRP!

Give your RC model with Lexan bodyshell its own, distinctive colour scheme. The special quality features of LRP MAGIC COLOUR 2 assist you with it.

The clear varnish matt turns your regular painted bodyshell into a cool matt varnished bodyshell. Just spray 2-3 layers of Magic Colour 2 Clear varnish matt from the outside onto the bodyshell and you are done!

Also totally cool are the mist effects that appear by applying the Magic Colour 2 Clear varnish matt onto a clear rear wing - the perfect contrast to negative logos!

Additional Magic Colour 2 colours are available in more than 30 shades and 7 different varnish types.

DOUBLE-CHARGING LEAD 4MM/5MM INCL. XH ADAPTER

9,49 EURO*

ONE FOR ALL!

The double-charging lead is perfectly suited for its application due to the length of 60cm and is equipped with high-end 4mm/5mm gold connectors.

The highlight about the connector: it has a 4mm diameter in front and then widens to a 5mm diameter. This design enables the trouble-free and easy charging of conventional batteries as well as the latest generation batteries with 5mm female connectors.

Due to the use of silicone flex wires, the charging leads always keep their elasticity. A XH-balancer/2mm gold connector is already integrated.

TECHNICAL DATA:

Connector (battery side)..... 4mm/5mm
 Connector (charger side) 4mm
 Cable length 60cm
 Balancer (battery side) ... 2mm gold contact
 Balancer (charger side) XH-balancer

**SUITABLE FOR
4MM AND 5MM CONNECTORS!**

FEATURES

- Duo gold connector:
With 4mm and 5mm diameter
- Extra long – 60cm cable
- XH Balancer connector on the charger's side
- 2mm gold balancing connector on the battery's side
