YOUR ENTRY INTO HIGH-SPEED FPV-RACING!

With this quadcopter, speed fans will get their money's worth. Thanks to the powerful brushless motors that generate speeds up to 80km/h, you are the only one who is setting the limits! But beginners and cautious pilots can also join in. The training and ACRO-modes support you in every situation. You can retain the maximum control possible, but you can also effortlessly perform the most breath-taking stunts.

With the Ready to Fly Gravit FPV Xtreme 80 Race Quadcopter you can start your FPV career immediately. The performance 250 size copter comes professionally pre-assembled and pre-flight checked. So all you have to do is charge the LiPo battery with the included charger, grab your transmitter and power up the included monitor to enjoy the world of FPV racing.

The high quality receiver is compatible to Futaba RC systems and comes with a monitor mount to fix the LCD Monitor on it.
