LRP CCL LIPO BATTERIES SHORTY PACKS

#430235

SPECIAL P5

LxBxH	Weight	Capacity	Nom. voltage	C-rate	Style
112.5 x 47.0 x 25.1mm	252g	5600mAh	7.4V	110C/55C	TC Mid Shorty P5

FROM 74,99 EURO*

5600 - TC Mid Shorty P5

This brand-new design was invented by LRP and is exclusively available through LRP. It features a special, shorter hardcase so you can move your battery to the front or the rear to adjust and improve the weight distribution of your car. It is an option to the P5 LCG TC battery.

Type: P5 Mid Shorty

Perfect for: TC modified

LRP Advantage: Perfect weight distribution, adjust front and rear end grip by moving the battery back and forth.

WorksTeam tip: Move to the front if you need more steering, move to the rear if you need more traction.

#430239

LCG P5

LxBxH	Weight	Capacity	Nom. voltage	C-rate	Style
97.0 x 47.0 x 22.5mm	186g	4000mAh	7.4V	110C/55C	Real Shorty LCG P5

NEW P5 TECHNOLOGY

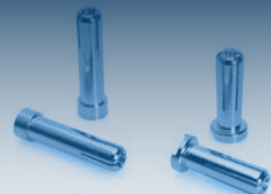

4000 - Real Shorty LCG P5

Our new Real Shorty LCG P5 combines the benefits of our standard Shorty pack and our Shorty LCG pack. It offers the best possible power/weight/height ratio of all our Offroad batteries and is therefore the perfect battery to start with. It features a lower hardcase design which will lower the center of gravity of your car while maintaining the high power output you are used to from our standard shorty pack. the high power output you are used to from our standard shorty pack.

Type: LCG P5

Perfect for: 2WD and 4WD modified

LRP Advantage: Higher cornering speed, easier to drive.

#430242

SPECIAL P5

LxBxH	Weight	Capacity	Nom. voltage	C-rate	Style
2 x 57.5 x 47.0 x 25.1mm	204g	3900mAh	7.4V	110C/55C	Shorty Saddle P5

3900 - Shorty Saddle P5

This brand-new design was invented by LRP and is exclusively available through LRP. It features a special, SHORTER Saddle Pack hardcase so you can move your battery halves to the front or the rear to adjust and improve the weight distribution of your car. This system has been used with Shorty battery packs in 2WD Offroad with great success. Now it is also available for Saddle Pack configuration cars.

Type: Shorty Saddle P5

Perfect for: 4WD Modified

LRP Advantage: This battery is an insider tip as it is brand-new and will give you an advantage over your competition. Perfect weight distribution, adjust front and rear end grip by moving the battery back and forth.

WorksTeam tip: Use additional weight to compensate for the lower weight battery and to adjust the balance of your car.

NEW P5 TECHNOLOGY

#430243

SPECIAL P5

LxBxH	Weight	Capacity	Nom. voltage	C-rate	Style
2 x 69.2 x 37.5 x 25.1mm	210g	3900mAh	7.4V	110C/55C	Small Saddle P5

3900 - Small Saddle P5

This brand-new design was invented by LRP and is exclusively available through LRP. It features a special, MORE NARROW Saddle Pack hardcase so you can move your battery halves to the inside or the outside of the car which has a big impact on the cornering and jump behaviour of your car. Inside = more agility, Outside = more stability. This is a brand-new tuning option for Saddle Pack chassis layouts that has never been available before.

Type: Small Saddle P5

Perfect for: 4WD Modified

LRP Advantage: This battery is an insider tip as it is brand-new and will give you an advantage over your competition. Perfect weight distribution, adjust aggressiveness of your car during direction changes by moving the battery halves to the inside or the outside.

WorksTeam tip: Use additional weight to compensate for the lower weight battery and to adjust the balance of your car.

LRP CCL 4500 SHORTY LIPO BATTERY 2S HARDCASE

85,99 EURO*

4500 - Shorty Stock Spec P5

This battery is tailor-made for stock racing. It features a special chemistry that will provide a higher voltage output under load which gives you a power and speed advantage over your competition in stock racing classes.

Type: P5 Stock Spec

Perfect for: 2WD and 4WD Stock

LRP Advantage: More acceleration out of corners, higher topspeed.

WorksTeam tip: Discharge the battery to 3.3V per cell before charging it right before your race starts. This will increase power and speed.
